IT Engineer (Entry Level) (Fresh Graduate) IT Department

(Male/Female) (2) Post

Job Description

- Assist in configuring, monitoring, and troubleshooting IT systems (servers, networks, firewalls, endpoints).
- Provide technical support to internal users (Level 1/2 support).
- Assist in IT operations for switch solutions, card systems, and digital payment platforms.
- Participate in routine system maintenance, backup, patching, and monitoring activities.
- Support software/hardware inventory and licensing updates.
- Document IT procedures, incidents, and knowledge base entries.
- Basic knowledge of computer networks, operating systems (Windows/Linux), and hardware.
- Familiarity with network/system administration, database basics, and troubleshooting.
- Exposure to scripting (e.g., PowerShell, Bash, or Python) is an advantage.

Job Specification

- Bachelor's degree in Information Technology, Computer Science, Electronic Engineering, or any other degree supplemented with an IT-related diploma or certification.
- Fresh graduates are welcome.
- Internship or project experience in IT systems, networking, or software development is a plus.
- Eagerness to learn and adapt quickly.

- Analytical and problem-solving mindset.
- Good verbal and written communication skills.
- Team player with a proactive attitude.
- Fluent in Myanmar.
- Basic English proficiency (reading technical documentation, emails, etc.).

Benefit

- Meal & Transportation Allowance
- Organizational refreshment
- Learn new Skills on the job
